**Acrobatics - Tightrope - Juggling
Unicycle - Trapeze - Free stilts
Rolla -Bolla, and more!**

**Book your circus workshop now!
Spring -Summer 2016**

The CIRCO-CIRCUIT, composed of several clearly defined stations, is set up outdoors or in a building, and enables a large number of people of all ages to take part and try out various disciplines. Major events, such as festivals and public celebrations present ideal opportunities to integrate this activity.

The CIRCO BAMBINO offers circus training to 3 to 8 year olds, for a half-day (2.5 hours), a full day (5 hours) or for a one-week camp (12.5 hours).

The CIRCUS CAMP for 8 to 18-year olds, beginner and intermediate levels, will be held twice a year, during mid-term break and summer. 20 hours of training held over 5 days is provided by the instructor Benoit Ranger, circus master and director of Les Transporteurs de Rêves / The Dream Circus Inc. All equipment is in compliance with safety standards and the supervision is professional. The circus training for 8-18 (2.5 or 5 hrs) is available.

Workshops can be offered (In French and English) to groups of students or children in summer camps, trainees, young adults, etc. To obtain a price quote, please contact us. Rates are set according to the location, the number of registered participants and the equipment required. For further information please call 604-876-2294.

Circus Arts in French

GENERAL GOALS:

In 2010-2011, in collaboration with Visions Ouest Productions (VOP), The Dream Circus /Les Transporteurs de Rêves (TDR) produced its first circus training season in French (three camps, workshops and two performances) for two distinct age groups: children 3 to 8 years of age and youth 8 to 18 years of age. CIRCO BAMBINO proved to be a success and several groups in Metro Vancouver & other cities will be able to benefit from this new program.

The medium-term goal of this partnership is to establish a permanent structure in B.C. and to integrate circus arts into the francophone curriculum throughout the province. The participants are evaluated on their commitment, discipline, concentration, development, flexibility, coordination, etc.

Contact us: www.rendez-vousvancouver.com (schedule, forms)

Please look at the various options offered by Transporteurs de Rêves and Visions Ouest Productions and indicate which training / activity we could provide for you for the next circus season (Spring & Summer 2016). The dates for camps, workshops and Circo-Circuit will be confirmed as soon as we have reached the required minimum number of participants.

Benoit Ranger

Ever since it was launched in 1993, Youth Circus has stood out as an exemplary program for use by teaching professionals as a tool to motivate students to persevere in their studies, to prevent them from losing interest and to instill in them the desire to excel. The program is based on the method of the "Great Circus Families" (circus actors, manipulation and balancing techniques, acrobatic and aerial techniques), each one exploring particular disciplines and techniques, giving the young participants a range of choices.

A one-of-a-kind circus adventure based on knowledge, action and knowing how to act, training the body and the mind.
